Verse 1 - Esus4*, Esus4, F#m7#5/E, Bass run

You scraped your knees when you were young
Ran with wolves untamed and free
Chased all dreams ripe for taking
Now your aged body breaking

Chorus - A, Eadd4, A6/E, F#m7#5/E

As we soldier on these days
Wearing the soles out of our old boots
Remember those visions of our youth
Tear out the green grass shoots
Feel it now, much has changed
Can you grasp the truth
Dig it up from beneath the ground
Those torn grass roots

Trailing smoke from fires far behind

For peace of mind, vainly hoping
